I can confirm the anime was made. I cannot confirm the auction or accidental broadcast... but it's remotely possible... that I have a tape of it!

This is a sort of thing I need to ask @RichardGarriott directly : have you ever heard of THIS? wiki.ultimacodex.com/wiki/Exodus,_An... 😊

I remember seeing a 30 second promotional clip or ad for this while I was at Origin, the video was sent to us from Japan along with a little Japanese pocket Ultima boardgame and some other items. It had a party of four charging through a dungeon using special powers on monsters.

And when are we getting together to play that boardgame?! 😊

Maybe after the pandemic - if Richard ended up with it, and not somebody else from the company. We never did play that game while I was at Origin. Probably because all the rules were printed in Japanese!

If anybody can find this very rare Ultima collectible, I would love to have a copy for my boardgame collection. Drop me a note.)

I think I have two of those. I had a spare one in case @RichardGarriott had made it my VirtueCon in Europe last year. Maybe we can find something Ultima/Origin related for trade?

That definitely looks familiar, yes.

I bet with a little effort I could find someone to translate all that Japanese text...
